

A summary of the adult social care sector and workforce in Birmingham 2023/24

Across England, the vacancy rate has decreased compared to last year and the number of filled posts has increased. During this period international recruitment increased which has impacted these trends.

Workers in Birmingham had on average 9.3 years of experience in the sector and 72% of the workforce had been working in the sector for at least three years.

We have many resources and tools available to help. Please visit our [values-based recruitment](#) page for more information. Skills for Care have also collaborated with the

Qualifications, training and skills

We believe that everyone working in adult social care should be able to take part in learning and development so that they can carry out their roles effectively. Learning and development helps everyone to develop the right skills and knowledge to enable them to provide high-quality care and support.

Skills for Care estimates show that 53% of the direct care providing workforce in Birmingham hold a *relevant*
